Remote Learning/ Live Lessons

Monday 28th June - Friday 2nd July

This week, children will have the opportunity to join the live lessons at school from home. Here is a step by step guide for how to schedule your learning and get the most out of this experience.

1. Before you begin your remote education, you should make sure that you have had your breakfast and are dressed for the day.
2. Prepare yourself a tall glass of water and have a pen and paper, and any other appropriate equipment you might need, ready.
3. Click on the zoom links at the allocated times to join the lesson and your class teacher will admit you to the lesson.
4. During the day we recommend that you take part in at least 3 lessons from different subject areas each day. Here is an example of what a timetable for your day might look like:

Lesson 1	Wellbeing break	Lesson 2	Lunch time	Exercise break	Lesson 3
----------	--------------------	----------	---------------	-------------------	----------

5. We recommend that you break your learning up into small chunks, with lots of time away from your computer screen. Use the learning grids provided by your teacher to guide your choice of lessons. Please build in time to exercise. Try to move around as much as possible, stretching your shoulder and neck muscles often. There are lots of 'at-home' workouts that you can try or try the online workouts by Joe Wicks on Youtube.com.
6. Lastly, make sure you are looking after yourself. Make sure that you have relaxation time and fresh air and we look forward to seeing you in the classroom from home.

See below for a variety of activities for your child to complete this week.		
Literacy and Communication	Complete one of the adding er and est worksheet.	Look at how we add -un to the start of a word and it changes the meaning to the opposite. Complete one of the worksheets adding un to start of the words.
Maths and Problem Solving	<p>Practise finding one more and one less than numbers to 100. Challenge: Can you find 10 more and 10 less than a number?</p> <p>Either choose 10 numbers and finding 1 or 10 more and less or complete the attached worksheet.</p>	<p>Using lego/spaghetti, show the tens and ones for the numbers:</p> <ul style="list-style-type: none"> • 73 • 56 • 48 • 33 • 95 • 27 • 12 • 64 
Science and the outside environment	<p>Can you think of anyone that helps us? Look at the powerpoint to see how many people you thought of. Draw a picture to show different people who help you.</p>	
Humanities and Citizenship	<p>Look at the pictures of schools today and schools in 1940. What can you see that has changed/stayed the same? Look at the powerpoint to learn more about what schools used to be like. Draw a picture of an old or new school and label it to show how things have changed.</p>	<p>In RE, we have been looking at how different religions welcome babies. Speak to your family and find out if you or anyone else was Christened/Aqiqah. Can you find any pictures? If you weren't Christened/Aqiqah have a look on the internet to see if you can find some photos.</p>
Creative Arts	<p>Using a pencil, draw a picture of your favourite toy. Think about pressing on your pencil harder and lighter in different areas to make the lines thicker and darker.</p>	
Physical Education	<p>Practice your athletics skills:</p> <ul style="list-style-type: none"> • How far can you throw a ball/a rolled up pair of socks? • How far can you jump from standing? • How fast can you run from one side of your garden/house to the other? 	<p>Choose 5 of your favourite Just Dance videos to do.</p>
