

Tuesday 5th January - Number bonds to 10

This week your child is working on their number bonds to 10. They will be tested on these on Monday 11th January.

$$0+10=10$$

$$1+9=10$$

$$2+8=10$$

$$3+7=10$$

$$4+6=10$$

$$5+5=10$$

$$6+4=10$$

$$7+3=10$$

$$8+2=10$$

$$9+1=10$$

$$10+0=10$$

In the test they will be given as this format $6 + \square = 10$.

We recommend that they use their fingers to help work them out initially, e.g. $2 + \underline{\quad} = 10$ put 2 fingers down and count how many are left.
