

Home Learning Grid – Reception W/B  
4<sup>th</sup> May 2020

Here is an outline of the home learning activities for the Reception class. Please choose at least two of these activities to complete each week, sign and date the grid and return to school with any form of recording your child has done (eg photo, picture, 'writing', children's quotes, or creations)

Please continue to read your reading book each night and practise your tricky words. I will be assessing the phase 2 and 3 tricky words when we get back and giving out certificates. I will attach more phases for those that already know them. I hope you have all had a look at the online books on the Collins Home Learning website.

Spellings to learn

The following words need to be learnt for this week. Please test your child to see how well they do with them. You could record their scores in the red books sent home.

said like do  
come there little

**Caterpillar Diary**

Please write week 3 of your caterpillar diary. What changes have you noticed? Are they bigger, what do they look like now? Are they more active? Please write it in sentences with a picture to go with it.

**Maths**

Please investigate how many different ways you can find to make 10 eg 4+6 1+9  
Once you have done that why not investigate ways to make 20.

**Life Cycle**

I would love you all to create a butterfly lifecycle diagram like the one above. If you have already done one why not try a frog or a hen lifecycle.
