

Summer 1 2024

Where does water come from?

17th April

Make a list of all the Rivers in the North west of Britain.

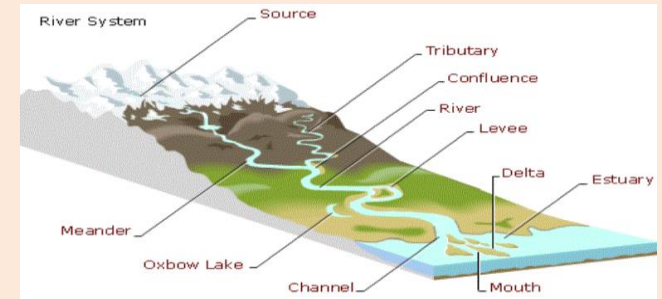

24th April

Find out the highest mountain ranges in. England Scotland Wales Northern Ireland.

1st May

Draw/paint/ make a picture of a river system.

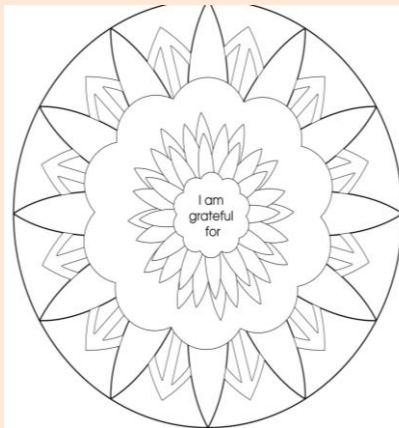

15th May

Explore in your garden or the outdoors for different habitats.

Make a list of all the minibeasts that you can find. Complete a bird survey and see how many different species of birds visit your garden.

8th May

Create a mindful poster that demonstrates what you are grateful for.

Every Week

Practise, Practise, Practise your times tables. Spend some time every week just dedicated to reciting your times tables. Knowing them will stand you in good stead for future learning.

Over this half term, here are a selection of topic related activities that you can complete if you are at home, off school or just want to do something extra to do.

Enjoy your home learning.

Kind regards

Mrs Higham

22th May

Find out about the famous painter Katsushika Hokusai
