

Where does water come from?

19th April

Make a list of all the Rivers in the North west of

Britain.

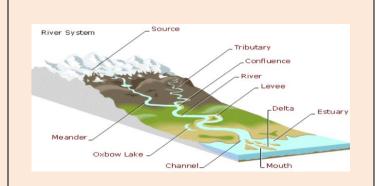

26th April

Find out the highest mountain ranges in. England Scotland Wales

Northern Ireland.

3rd May

Draw/paint/ make a picture of a river system.

17th May

Explore in your garden or the outdoors for different habitats.

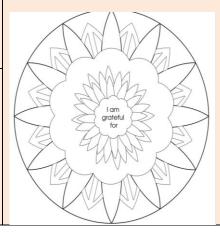

Make a list of all the minibeasts that you can find. Complete a bird survey and see how many different species of birds visit your garden.

Over this half term these are activities that you can complete if you are self-isolating, home learning or just want to do something extra.

Kind regards Mrs Higham

10th May

Create a mindful poster that demonstrates what you are grateful for.

Every Week

Practise, Practise, Practise your times tables. Spend some time every week just dedicated to reciting your times tables. Knowing them will stand you in good stead for future learning.
