Are you tired of the rain? Is the constant cold making you miserable? Then you need to come to the paradise that is Australia.

Sun, sea and surf!

Be blown away by the brilliant beaches with their glorious white sand and the sparkling blue ocean. Not only is the beach perfect for you to read and relax, but your kids will love it too. Finally, they can build sand castles and splash in the waves.

Another thing you can't miss is the wonderful wildlife Australia has to offer. It's a once in a lifetime opportunity to see kangaroos and koala bears up close and personal.

If you're wondering where to stay, Australia is full of 5 star hotels. Every hotel is complete with a private swimming pool and a luxurious spa. Therefore they are perfect for a romantic escape or a family adventure.

All hotels are within walking distance of the beach.

Remember your sun cream because you will definitely need it. Even if you are only there for a short time, the sun is sure to be hot!
