

# Types of Mountains

## Welcome to the types of mountain activity booklet

In this booklet you will find the names of the five different mountain types we have learnt about. These are :

- Fold mountains
- Fault block mountains
- Volcanic mountains
- Plateau mountain
- Dome mountain

For each type of mountain, you need to research and record:

1. How these mountains are formed?
2. Where can we find this type of mountain in the world?

Use the Mountain topic books to find this information

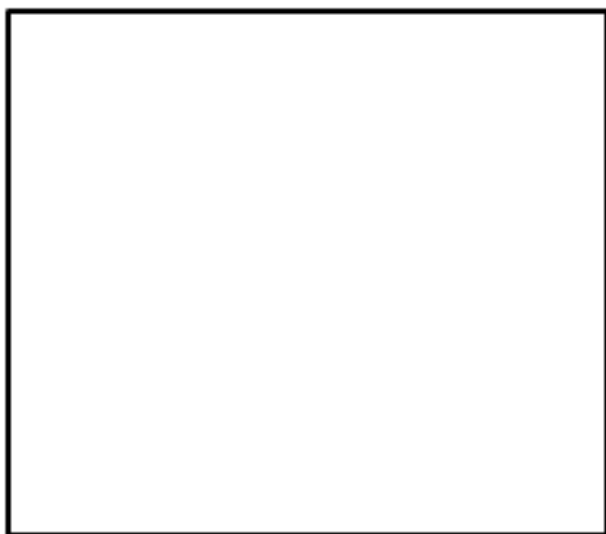

Congratulations! You have reached the summit!

### Fold Mountain

How is this mountain formed?

Where in the world can we find an example of this mountain?

### Mountain Facts- Did you know?

Fault block mountain

How is this mountain formed?

Where in the world can we find an example of this mountain?

Dome mountain

How is this mountain formed?

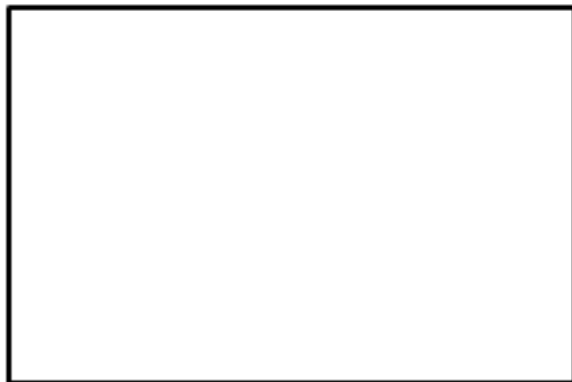

Where in the world can we find an example of this mountain?
