

Design and create a bug hotel to help look after all the bugs. You can use this website for some ideas. [Simple Bug Hotel for Kids - Red Ted Art - Make crafting with kids easy & fun](#)

Choose 8 numbers between 0 and 50. Show how many tens and ones are in these numbers. You could use Lego or something similar to show this. (2 tens and 6 ones)

Design your own disgusting sandwich. Using sentences, write a description of what is in it. Don't forget to use lots of adjectives.

Write a set of instructions for how to bake a cake or something of your choice.

Use your skills of measuring weight to do some baking and carefully measure out the ingredients.

Over this half term these are activities that you can complete if you are absent from school or just want to do some cross-curricular activities. Please post photographs of the activities onto Seesaw. You can also complete any of the activities in your homework book which will be collected in the last week of each half term.

Choose 8 numbers between 0 and 50. Can you write down the number that is one more and one less than this number?

Learn your address and postcode so you can say it and write it down.

Practise the number bonds / timetables. These will be attached to Seesaw.

Complete 8 = Gold award.

6 = Silver award.

4 = Bronze award.
