I wonder who we will find at the top of the Beanstalk?

<p>Draw or paint a picture of some flowers. What colours do you need? Can you remember the different parts of a flower? Try using the words 'stem', 'leaves' and 'petals' to describe your flowers.</p>	<p>'Sunflower' is a very long word for a very tall flower! What other words can you think of that start with 's'? Can you think of any words to do with flowers or the garden?</p>	<p>Try making a model of a flower. You could use playdough, paper or card, construction toys, empty cardboard tubes and boxes or plastic tubs and pots. Think about how you could make the stem, the flower and the leaves. We would love to see any models you make!</p>
<p>There are 10 seeds waiting to grow in a flowerpot. If 4 seeds start to grow, how many seeds would still be waiting to grow? You could use your fingers or draw a picture to help you.</p>	<p>Imagine a giant beanstalk grew in your garden! Write a list of things you would like to find at the top of your beanstalk using your phonic knowledge.</p>	<p>Explore outside and look at all the different plants that you can find. Make observations of the shape of the leaves and compare what is the same and different. Draw a picture of your favourite plant.</p>
<p>Listen to some online music played on a harp. How does it make you feel? Create your own dance movements to the song.</p>	<p>Help to plan and prepare a healthy meal that includes at least one type of bean. Then, practise using your cutlery to eat your tasty dish!</p>	<p>The man from the story Jack and the Beanstalk had 5 magic beans. Some were red and some were yellow. How many different combinations of red and yellow beans can you think of that total 5?</p>
