Remote Learning/ Live Lessons

Monday 25th Jan - Friday 29th

This week, children will have the opportunity to join the live lessons at school from home. Here is a step by step guide for how to schedule your learning and get the most out of this experience.

1. Before you begin your remote education, you should make sure that you have had your breakfast and are dressed for the day.
2. Prepare yourself a tall glass of water and have a pen and paper, and any other appropriate equipment you might need, ready.
3. Click on the zoom links at the allocated times to join the lesson and your class teacher will admit you to the lesson.
4. During the day it is recommend that you take part in 3 lessons from different subject areas. Here is an example of what a timetable for your day might look like:

Lesson 1- zoom and then follow up task.	Wellbeing break	Lesson 2- zoom and then follow up task.	Lunch time	Exercise break	lesson 3- Home Learning- Seesaw.
--	--------------------	--	---------------	-------------------	---

5. We recommend that you break your learning up into small chunks, with lots of time away from your computer screen. Use the learning grids provided by your teacher to guide your choice of lessons. Please build in time to exercise. Try to move around as much as possible, stretching your shoulder and neck muscles often. There are lots of 'at-home' workouts that you can try or try the online workouts by Joe Wicks on Youtube.com.
6. Lastly, make sure you are looking after yourself. Make sure that you have relaxation time and fresh air and we look forward to seeing you in the classroom from home.
