

Home Learning Year 3
Week Beginning 8th June 2020
Mrs McCoy/ Mrs Slate

Topic	Here are some ideas for you to complete at home whilst you are self-isolating this week. World War 2
Literacy and Communication	<p>Theme: World War 2</p> <p>Use the Power Point Slides 1,2 and 3 to create a timeline with the 37 significant historical dates then....</p> <p>Answer the following questions:</p> <ul style="list-style-type: none">• Who was our prime minister at the beginning of WW2?• Which country was invaded first by the German army?• Which countries declared war on Germany?• Who became our prime minister on the 10th May 1940?• Which country surrendered first to Germany and when?• When did the Blitz start?• Which countries sided with Germany in 1940?• Why did America join in the war?• When did they join the war?• When did the war end in Europe?• When did the war end in Japan? <p>https://www.bbc.co.uk/bitesize/topics/zhrrd2p</p> <p>https://www.bbc.co.uk/bitesize/topics/zvwxnb/articles/zcyv4qt</p> <p>Please start to use the bitesize link to practice your spellings, punctuation and grammar. This week, focus on how to use an apostrophe in a contraction.</p>
Science and the outside environment	<p>Our new topic is Light. Find out how you see things and the difference between dark and light.</p> <p>https://www.bbc.co.uk/bitesize/topics/zbssgk7/articles/z2s4xfr</p> <p>Use the website to find out about sources of light. Which ones are natural and which ones are man-made light sources? Create a list of man-made and natural sources of light. Complete the following activities.</p>

Home Learning Year 3

Week Beginning 8th June 2020

Mrs McCoy/ Mrs Slate

Draw or write about the things you already know about light.

How do we see things?

What is darkness?

How are shadows made?

Light

What is a reflection?

Why do people wear sunglasses?

What things make light?

Do you have any questions about light? What would you like to find out? Write your thoughts below.

Complete the paragraph using the key words below to show what you have found out about light and dark.

A _____ source is something that makes light. Some examples of light sources are the _____, light bulbs, a _____ and fire.

_____ is the absence of light. It is dark at _____ time because light from the sun is not visible. When it is dark, there is no light to illuminate objects, so we can't see them. We need light to be able to see things.

In the feely bag activity, we could not _____ the objects when they were in the dark _____. When the bags were opened up so light could illuminate the objects, we could see them clearly. This shows that we need _____ to see.

Maths and Problem Solving

Using the Timeline that you've created find out exactly how many days are between each event. For example:
3rd September 1939- 17th September 1939= 14 days.

Don't forget to remember the following rhyme:

30 Days Has September

30 Days has September,
April, June and November.
All the rest have 31,
Except for February, it's the one,
Which only has 28 days clear,
And 29 in each Leap Year.
