	<p>Follow the attached link and watch how you can make your very own papier Mache volcano. This may take several days to complete as you'll need time to let it dry between adding more layers and painting it. If you don't have PVA glue at home, you can make paste from flour and water.</p> <p>https://www.bing.com/videos/search?q=make+a+paper+mache+DT+volcano&view=detail&mid=B359EB156D8B7CF5587EB359EB156D8B7CF5587E&&FORM=VRDGAR&ru=%2Fvideos%2Fsearch%3Fq%3Dmake%2520a%2520paper%2520mache%2520DT%2520volcano%26qs%3Dn%26form%3DQBVR%26sp%3D-1%26pq%3Dmake%2520a%2520paper%2520mache%2520dt%2520volcano%26sc%3D0-29%26sk%3D%26cvid%3D6B1C566B3E9A478296F6BFEC643D84CA</p>																	
<p>Science and the outside environment</p>	<p>Now your volcano is decorated, it's ready to transform into a real volcano. If you've not tried this before then make sure you have a lot of space or do this outside. It's time to mix chemicals and make a volcano explode! There are lots of videos online but here's one you can use if you wish.</p> <p>https://www.bing.com/videos/search?q=experiments+volcanoes&ru=%2Fvideos%2Fsearch%3Fq%3Dexperiments%2bvolcanoes%26FORM%3dHDRSC3&view=detail&mid=8EE78864B5DF2F7DE98F8EE78864B5DF2F7DE98F&rvsmid=E02E68E91A4612C16D07E02E68E91A4612C16D07&FORM=VDRVRV</p>

**Times
tables**

Do not forget to continue to practise your timetables. Spend 10 minutes a day at least on TT Rockstars. <https://trockstars.com/>
Year 3 children need to know their 2,3,4,5,8, and 10 times tables. However, if you know them all, fabulous ☺

If you didn't test yourself last week, have a go this week- use this link to help test your knowledge.
