

Can you crack the codes to become a Spy?

As Readers and Writers we can...

- ✓ Improve vocabulary using Vocabulary Ninja.
- ✓ Engage in the class challenge to read different genres of books.
- ✓ Write character descriptions and interesting settings to create Spy narratives
- ✓ Learn how to use semi-colons.

As Artists / Musicians / Designers we can...

- ✓ Create images of our own spies and villains.
- ✓ Design and make our own spy gadget.
- ✓ Make a Cipher wheel.
- ✓ Explore pulse, rhythm and pitch using the Sing Up" scheme's Why We Sing.

As Linguists we can...

- ✓ Enjoy Polish Day and play "Polish I Spy"!
- ✓ Pupils will be introduced to the key vocabulary needed to describe their family and create family trees.

As Sports People we can:

- ✓ Improve tactical awareness in Invasion Games.
- ✓ Enjoy playing Rugby at weekly sessions.
- ✓ Develop physical skills and use critical thinking, problem-solving, and leadership in OAA sessions.

Hooks for learning:

- ✓ A Mysterious briefcase, containing suspicious items, is delivered to Year 5!
- ✓ Spy Day! The class dress up as the spies they've created and engage in spy related activities!
- ✓ Watch "Stormbreaker" film and compare it to the book.
- ✓ Participate in Bikeability on 25th and 26th November.

As Computer Users we can...

- ✓ Use coding to develop a program that has specific variables identified.

As Religious Observers / Model Citizens we can ...

- ✓ Explore our PSHE theme of responding to hurtful behaviour and respecting differences and similarities.
- ✓ Discuss why do some people believe God exists?
- ✓ Uphold the principles of our Class Charter.
- ✓ Uphold British Values using Democracy.

As Mathematicians we can...

- ✓ Explore Multiplication and Division, including Prime Numbers, Factors, Multiples and Square Numbers.
- ✓ Find Equivalent Fractions; Convert Improper Fractions to Mixed Numbers and Compare and Order Fractions.
- ✓ Add and Subtract Fractions.

Reading Text Links are...

- ✓ *Stormbreaker* (Adventure Story) by Anthony Horowitz
- ✓ *The Spy's Secret Handbook* (Fiction and Non-fiction) by Jane Penrose.

As Scientists we can explore Forces and be able to...

- ✓ Identify and know the effect of air and water resistance
- ✓ Identify and know the effect of friction
- ✓ Explain how levers, pulleys and gears allow a smaller force to have a greater effect
- ✓ Work Scientifically to explore and prove a theory.
- ✓ Learn about Newton, Aristotle, Galileo and Copernicus.

As Historians/Geographers we can...

- ✓ Explore different types of code writing from the past (eg Alan Turing and the Enigma code, Morse Code and the Caesar Cipher).
- ✓ Look at "real" spies from the past
- ✓ Use clues and observations from the mysterious briefcase to learn the names of and locate at least eight major capital cities
