

Year 4 Task Sheet for week commencing 29th June

Year 4's Time Travel Adventure

Now that you have read, or listened to the full story, I would like you to write a final paragraph of your own to complete the story. (For those of you who were there, we discussed this in our Zoom meeting on Friday). I have finished it with Lucea realizing that it must have been true because she found the crumbs in her pocket. How can you finish it? Did you discover anything in Ancient Egypt? Did anything happen to you there that makes it real? Or do you have any other ideas?

You just need to write one extra paragraph, making sure you use our Permanent WILF (capital letters and punctuation in the right places, inverted commas for speech, interesting vocabulary, fronted adverbials and make sure it is in the correct tense, in this case past tense). You need to carry on writing in my style. You could use some humour to do this. You could use some short sentences for effect. Could you also include a simile, to add more interest to your final paragraph? Thank you. I am looking forward to hearing these in our English based Zoom Meeting on Wednesday.

On that day, we will also work on our comprehension skills, when I will ask you a number of questions about the story. Make sure you read the whole story before then and bring the printed story it to Wednesday's lesson.

Research a well-known river in the world

For this project, I asked you to choose a well-known river from around the world and do some research on it to share. Write your information neatly on paper or type it. Just one page will be fine. Don't forget to include pictures to add interest to your work (you can draw them or get them from the internet). Make sure you use some of the technical words that you have already found out about rivers.

Then send it to me, either on Seesaw or to the office, and I will share your work on Zoom next week! You will have the chance to talk about your research too.

Please also send me any photographs you might have if you have created a river system from last weeks/this week's Creative Arts section.

Thank you.

Mrs Blomeley
